No - I don't think you should re-schedule as I may not know until next week if I need to be at home that day. Too much hassle re-scheduling with this group. Thanks for getting another room.

Ok, well, it is the only day Steve Way can do. Let me know and I will cancel. We can get another room.

Robin - Where is this meeting room? I'm not comfortable in the "fishbowl" rooms - fear of height issues. Can we get different room - conf. center? Also, it may turn out that I am out that day - don't know date yet when they will be digging my sewer line but I need to be at home for that - could possibly call in but??? We'll see if these 2 events collide.
